

**Governor Training and
Professional Development
Programme 2023-24**

Governor Training and Development Programme 23-24

Dear Governor,

Thank you for your interest in Camden Learning's Training and Development programme. The programme offers a range of opportunities to develop as a governor, with a number of new speakers and courses, together with courses covering areas of perennial importance.

We particularly hope you will join us at the new format Camden Governor Briefing and at the Conference in the spring.

Major changes and highlights to this year's programme are below. Looking forward to seeing you at event through the year. Training at a glance is available below

Owen Rees
Head of Governor Services and Company Secretary
Email: owen.rees@camden.gov.uk
Telephone: 02079744449

Camden Governor Briefing (termly)

Once a term, we will offer a rapid fire briefing highlighting key updates for all governors via Zoom; these will be available to all governors free of charge and all governors will be sent an invite.

This will be recorded to allow playback at other times as a video or podcast (and available via Governor Hub for future reference). This will be led and chaired by Camden Learning.

Chairs' Network (termly)

We are offering a termly in person meeting focused on Chairs, with significant opportunities for discussion and networking. Chairs will split into separate phase groups (Primary and Secondary) for part of the meeting.

Global Majority Governors' Network

22-23 saw the launch of the Global Majority Governors Network, jointly with Islington Council. This group, aimed at Black, Asian and Other Ethnicity governors but open to all, met three times, twice in Camden and once in Islington, with a high number of governors at each event.

At each meeting, along with ample opportunity for networking, two key themes are discussed, chosen by the Chairs of the meeting. Themes discussed during the year included the performance of groups, the role of the Arts, the role of schools in supporting pupils with SEND and recruitment onto boards.

Equalities and Diversity

Our equality training sessions this year will be led by Carla Myrie, a former Deputy Headteacher and currently EDI consultant to Wandsworth and Richmond LEAs. This

is an area of great importance and interest for our governors. Other sessions in this area include

- Orlene Badu on becoming an Anti-Racist School
- Daniel Brook from Neuro Diversity Specialists on neuro-diverse boards
- Shekeila Scarlett on her path from pupil at risk of exclusion to Chair of Governors

SEND and Safeguarding

We have introduced network meetings aimed at SEND and Safeguarding governors. This is to allow a more detailed focus on the particularities of those roles, and a reduction in the introductory material contained in our training sessions.

Attendance and Behaviour

We have new sessions on Attendance and Secondary Behaviour, honing in on key priorities within Camden.

Clerks' Briefing

At the clerks' request, all sessions will now be hybrid, allowing clerks to meet or to attend virtually if they prefer. We will also be offering the same format for our Secondary and Primary Data Sessions. This reflects our commitment to continue to update and innovate within our programme.

Schools Finance

We will offer Management of School Finances and Financial Efficiencies to offer different perspectives on this important and perennial topic.

Training Programme at a glance for 2023 – 24

All sessions are free to schools with the Governor Training and Consultant Support Package. For other governors, there will be a charge, either against the school's School Improvement SLA or via invoice. Please check with your school if you are not sure.

Attendance for Governors

This session, led by Ed Magee, Camden Learning's Attendance Manager, will provide:

- Overview of Attendance rates nationally and locally
- Questions / Areas Governors need to consider when looking at attendance figures.
- Attendance policies overview
- How governors support schools improve attendance and how this links to other school policies.
- Governors' Attendance Panels
- Attendance and Ofsted.
- How can the LA support your school?

This course is free to all Camden Governors.

Improving Mental health - the role of schools and governors

Three out of five secondary school pupils have either experienced mental health problems themselves or are close to someone who has, according to a recent survey. This session will help governors understand what mental health issues affect children and young people and the practical things a school can do. to promote positive mental health and support children with mental health problems.

It is free to all Camden governors.

Inclusive Governing Bodies with Shekeila Scarlett

This session will allow Governors to hear from Shekeila Scarlett, chair of governors on Stoke Newington Secondary School Board. Shekeila is one of the UK's youngest Chairs at 26, and was featured in a [story](#) by the BBC

At the age of 12, Shekeila faced permanent exclusion, which was overturned on appeal. The process of encountering a governing body at such a young age was a key motivating factor in her wanting to bring younger voices to tables and spaces they usually wouldn't be in.

Through and beyond her current roles, Shekeila is mentoring and coaching young adults to get into governance and leadership as well as currently working on developing her own mentoring programme to address inequalities and provide opportunities. Beyond this, Shekeila continues to champion young adults to sit at the tables and enable change.

Included in the Governor Training and Consultant Support Package.

Management of School Finances for School Governors

It can be difficult for governors to exercise their very important school budget responsibilities within the limited contact time they usually have with their schools. In this course, governors will learn ways to execute those responsibilities in a time-efficient way. The course will include hints, tips and case studies. It will be led by Yusuf Erol FCCA is a chartered certified accountant. He currently leads the public sector division of Langbrook Finance, an accounting & finance practice based in central London. Before joining the practice, he had over 18 years' experience working in the public and not for profit sector, including over 10 years working for a London local authority as Head of Education Finance. Yusuf has several published articles. He has also been a governor on several school governing boards, being Vice Chair of the Board and Chair of the Finance Committee.

Included in the Governor Training and Consultant Support package.

Neuro Diversity and Governing Boards

Approximately 1 in 7 individuals will have a neurodivergent processing difference such as dyslexia, dyspraxia, dyscalculia, dysgraphia, ADD, ADHD and ASC (Autistic Spectrum Condition).

This session, led by Daniel Brook from Neurodiversity Specialists, will introduce governors to working with neurodiversity, outlining how to form and maintain an inclusive team. It will also assist governors in their role as employers, setting out how schools can be inclusive of neurodiverse staff.

Daniel founded Neurodiversity Specialists to provide organisations with the knowledge and tools to benefit from having a neurodiverse workforce and to understand the value of neurodiversity. Daniel is a British Dyslexia Association (BDA) qualified workplace needs assessor, with a background in career coaching and employability skills training, and has experience of supporting hundreds of neurodivergent individuals across many different sectors.

Included in the Governor Training and Consultant Support Package.

Secondary Behaviour: Getting and using the right information for governor challenge and support around behaviour and attitudes to learning

This session will cover what information governors should be receiving on behaviour and attitudes, how best to make use of it and how to challenge and support schools effectively based on what you receive. It is aimed primarily at secondary governors and will use secondary data. It will be led by Lisa Gorman and Chris Roberts from Camden Learning, with support from Owen Rees and Helen McNulty.

Included in the Governor Training and Consultant Support Package.

SEND Governors' Network

The SEND Governors' Network is designed to allow SEND Governors to meet, exchange best practice and experiences and to develop their knowledge and skills further through an interactive session with an open format. The session is designed for SEND Governors who may already have attended the SEND for Governors session.

Included as part of the Governor Training and Consultant Support Package.
