

# Are you ready to be a future leader in AI?

**Apply to be part of the next cohort of AI Connect**

AI Connect is the London AI Campus's pioneering two-year AI enrichment programme. Through weekly, term-time sessions, you'll learn the fundamentals of AI, robotics, and the role that AI plays in areas like sustainability, education and healthcare.

## Benefits to students:

- Take part in real-world projects that connect AI to global challenges and opportunities.
- You'll be matched with a mentor from local tech companies to help you prepare for the future of work
- Gain valuable insights on future trends from industry experts
- Graduate with certification and become part of the AI Connect alumni network, offering further opportunities after you graduate.

## Who can apply?

- Students going into Year 12 attending a Camden secondary school
- Students who have chosen to study Maths A-Level
